### Will You Visit the Exposition this Autumn or Winter

Thousands are going to California to see that marvelous exposition before the gates are closed December 31st. Many will make an autumn tour at these cheap rates, returning before winter, while many will leave before cold weather for the winter in Southern California, going via San Francisco. The final return limit of Exposition tickets is December 31, 1915; those spending the winter in California should travel either on one way tickets, or there is available the first-class nine-months excursion ticket.

Consult me if you expect to go this autumn. Let me make your through reservations early.

## Our Space Worth While!

By MOSS.

Newspaper advertising is a tangible commodity.

Take this paper, for instance. We sell our space to the merchants. They use it to attract the attention of our readers in order to induce them to buy. The readers in turn compare the ads. and go where they can get the best for the lowest price.

If this valuable commodity were done away with the merchant and the reader would have a hard time getting together. We'd be way back in the days of stage-coaches and muzzle loading guns.

## HOW MANY OFFICES CAN ONE MAN HOLD

Question Has Been Raised as to Whether Representative Broome Can Be Judge at Same Time

In the absence of County Judge L. A. Berry, F. M. Broome, state representative for this district, has been appointed to serve as district judge. Inasmuch as Mr. Broome already holds one elective office, the question has been raised as to whether or not he can also hold the office of county judge at the same time.

The fact that Mr. Broome is also the administrator of several estates under this court as a probate court, has also been brought up. Parties interested have written the state authorities for their legal opinion in the matter, in order that the question may be settled.

## ATTENDED ENCAMPMENT

Louis Powell and David Purinton Report a Very Pleasant Trip to State Fair Encampment

Louis Powell and David Purinton, who represented Box Butte county in the Boys' School Encampment at Lincoln, report a very profitable and enjoyable trip. The school was in charge of the Nebraska College and State Board of Agriculture.

The headquarters and camp were on the fair grounds. The forenoon of each day was devoted to the school work, consisting of four 45-minute periods. The afternoons and evenings were spent in ushering at the grand stand, the auditorium, and the coliseum, or looking at the different machinery, crop and live stock displays.

The boys also enjoyed the elaborate entertainment furnished by the Flying Kays, Thompson the aviator in loop the loop features and racing with Barney Oldfield, the famous auto racer, the auto racing of Endicott, Dibrow, and Raimy, "Desert Joe", the racing ostrich, horse races, Pains fireworks display, and Joe Stecher, the champion wrestler.

The following is the program of the school camp this year:

**Monday, Sept. 6, 1915**

Assembly.

Horse Judging—Prof. H. J. Gramlich.

How to Feed Farm Animals—Prof. C. B. Lee.

Insects and Farm Animals—Prof. L. Bruner.

The Feed and Care of the Dairy Cow—Prof. J. H. Fransden.

Knots, Ties and Splices in Ropes—Dr. J. H. Gain.

**WHAT ABOUT IT?**

800,000 bushels of grain is the estimated crop of Box Butte county. What if it should burn? Do you want to work all summer in the hot sun, and then be cheated out of your year's income in a very few minutes? It never pays to take a chance. A trifle over two cents a day will pay for a policy for one year, covering \$1,000 on grain of all kinds, threshed or unthreshed, while in barns, granaries, cribs, dwellings, or stacks or ricks or shocks, on cultivated lands or in process of threshing.

Protect yourself—get it insured. See Snoddy & Mollring—they will explain.

## PREPARATIONS CONTINUE

Committee Appointed to Look After Market Week Raising Funds and Laying Plans

If the present plans of the committee appointed by L. H. Highland, president of the Retail Merchants Federation, so through, as they undoubtedly will, the week of October 25-30 will be the biggest event ever held in Alliance. Alliance Market Week is to be a full week of amusement and bargain giving.

Each member of the committee will have a day to care for, insuring a variety of entertainment for all. Monday and Saturday will be handled by Sallows and Thomas, Tuesday by Darling, Wednesday by Cogswell, Thursday by Rowan, and Friday by Moore. The committee met Wednesday evening at the Commercial Club office and reported on the progress made in raising funds. Everyone is lending financial encouragement and it is believed that the necessary expense money, amounting to approximately \$450, will be raised by the last of the week.

Charley Tully, the well known ranchman, has agreed to donate a steer for the barbecue, and an expert barbecue man will be employed to pull off this event.

The Alliance fire department will assist in the entertainment and will

give thrilling exhibitions on the down town streets. The swimming pool will also come in for part of the entertainment. Among other forms of entertainment planned for are a dance, baby show, horse and colt show, chicken show, etc.

#### ARE AGAINST PAVING

Senator Earl Mallory Not in Favor of Paving Alley Between Box Butte and Laramie Avenues

At the last meeting of the city council a petition was presented by the Commercial Club asking that the alley between Third and Fourth streets and Box Butte and Laramie avenues be paved, the expense being assessed against the adjoining properties. This petition was signed by C. A. Newberry, the First National Bank, and W. W. Norton. The council seemed in favor of the proposition and an ordinance was ordered drawn up to be taken up at the next meeting.

It now appears that there is some sentiment in the block affected against the paving. Senator Earl Mallory, when asked by a Herald reporter this morning regarding the rumor that a petition was out protesting against the paving, stated that the petition was not yet out, but that it was contemplated. He gave as his reason for opposing the paving that the streets should be paved before the alleys.

The cost of the paving has been estimated at two dollars per foot for the adjoining property. It is not known whether or not the protest will be filed with the council and

whether or not this will have any effect on the present plans, if it is filed.

#### LEAVING OUT ADVERTISING

Practical Use Made of Opportunity to Show Appreciation of Alliance Business Men

As a concession to "home" advertisers, The Herald is purposely leaving out this week outside advertising sufficient to make what would be considered a good business for some local newspapers. We do not call this a donation, it is simply a matter of business, conducted on fair and square business principles.

Most of the merchants of Alliance treat The Herald splendidly. We appreciate the treatment accorded the paper by the business men of our home town and are glad to make practical use of an opportunity to show our appreciation, even though it may cost us something to do it.

#### NOTICE

I will be at the city hall between 2:30 and 3:30 p. m. daily for the next few weeks, to receive special taxes as per ordinance No. 215.

City Treasurer.

## OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headaches, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

Get This  
Can of Paint  
and Shingle Free

All the talk in the world would never sell a can of paint to a man who knows good paint when he sees it. He buys paint on its merits, not on its claims. We want everyone who has a barn to paint to come in and get a sample can of Standby Barn Paint. We want you to see for yourself what a good paint it is.

Be sure and get the shingle painted one and two coats—take it home, paint a shingle of your own, and put ours and yours side by side and compare them. You will find you can duplicate the result with

**STANDBY Barn Paint**

In other words this is not a "Show-Shingle." It is painted just as you would paint it, and shows the actual finish of Standby Paint.

#### Read the Formula

You will see it contains the highest percentage of oil of any barn paint on the market. The liquid analysis shows 43% Pure Linseed Oil, 54% Heavy Japan. Nearly half the liquid is oil. We don't have to tell you much when you see that.

We give you a sample to show its color and finish—how smoothly it works under the brush and how it covers.

We call your attention to the high percentage of oil. We guarantee its wearing qualities for five years when properly applied. Stop in our store for your sample. Try it on your barn door. Match the painted shingle.
